MEMORANDUM FOR: Deputy Project Director
THROUGH: Director of Administration
THROUGH: Personnel Officer
SUBJECT: Assignment of Airmen

1. [redacted] desires assignment to my organization for overseas duty. [redacted] is a bachelor and has considerable experience in intelligence matters and specifically the proposed functions of the intelligence section of the Project Headquarters.

2. I have discussed this matter with [redacted] who currently offers no objection to [redacted] assignment to Detachment 2, provided there is an overlap for his replacement. [redacted] reserves the right, of course, to reverse his opinion, but at the present time is not opposed to this action.

3. Therefore, it is proposed that [redacted] who is currently slated to be the intelligence specialist with my organization be assigned to the Headquarters. Approximately two weeks following his FOD [redacted] could be placed TOY to the ranch to work with us until our deployment date, and would then deploy with us.

4. In view of [redacted] volunteering for this overseas tour of duty and his complete acceptability to me, it is requested that this proposal be given favorable consideration.
